Two Tips for Better Buying

If you've placed at least a few orders with BidGenerics.com, then you're on track. But there are several ways to fine-tune your account to get more.

- 1.) **Set Max Prices:** *we can't stress this enough. Click the edit icon beside the drug and enter the lowest price you can order each drug outside of BidGenerics.com—that way you'll NEVER buy through us if it's cheaper elsewhere.*
- 2.) **Try New Suppliers:** *our suppliers are constantly updating their prices and if you've had the same 6 selected for months you could be missing out. Try this; **select all suppliers and build a large order.** Then see which suppliers the drugs are coming from. After a few of these 'practice' orders you can narrow down the list of suppliers that most closely fit your ordering habits.*
